CHINONSO EZEIGBO

UI/UX DESIGNER

Newcastle upon Tyne, UK • +44 7350 156605 • godswill.ec@gmail.com • Live Portfolio & Case Studies

PROFESSIONAL SUMMARY

Detail-oriented and user-centred UI/UX Designer with 3+ years of experience delivering digital products across SaaS, mobile, and web platforms. Proven track record of improving development handoffs by 50%, lifting mobile checkout conversions by +34%, and reducing cart abandonment by 44%. Skilled in end-to-end design—from user research and wireframing through to high-fidelity prototypes and scalable Figma design systems. Currently completing an MSc in Cyber Security at Aston University, bringing a strong focus on WCAG 2.1 AA accessibility, GDPR, and Privacy-by-Design. Experienced working in Agile cross-functional teams in the UK and internationally.

CORE COMPETENCIES

Design & Prototyping: UI/UX Design, Wireframing, Rapid Prototyping, User Flows, Journey Mapping, Mobile-First Design, Micro-Interactions.

Systems & Dev Handoff: Figma (Design Tokens, Auto-layout, Variables, Variants), Component Libraries, CSS/React Token Mapping, Design Specs.

Research & Usability: User Interviews, Usability Testing, Heuristic Evaluations, Empathy Mapping, A/B Testing, Task Drop-Off & Friction Logging.

Standards & Tooling: WCAG 2.1 AA Compliance, GDPR & Privacy-by-Design, Jira, Teamwork, Agile/Scrum, Adobe Creative Cloud.

PROFESSIONAL EXPERIENCE

UI/UX Designer — Appsatile Ltd
Gateshead, UK (Remote) | Mar 2023 – Feb 2026

- Built and maintained a unified design system for Appsatile's SaaS product suite using Figma, establishing reusable component libraries for 3 product squads.
- Architected a 3-tier token structure (colors, typography, spacing) mapped 1:1 to CSS variables and React props, **cutting developer handoff time by 50%**.
- Guaranteed **100% WCAG 2.1 AA accessibility compliance** across all components with high-contrast color palettes and accessible focus rings.
- Managed sprint workflows in Jira and Teamwork, conducting weekly backlog groomings, design reviews, and engineering QA pairing sessions.
- Delivered high-fidelity interactive prototypes to validate user flows with stakeholders prior to engineering sprints, eliminating post-release rework.

UI/UX Designer — Talstrike
United States (Remote) | Jul 2024 – Dec 2024

- Conducted user research, heuristic evaluations, and user journey mapping to uncover critical drop-off points across web and mobile surfaces.
- Delivered production-ready interactive prototypes in bi-weekly Agile sprints, collaborating with cross-functional international teams.
- Translated qualitative user testing insights into iterative wireframes, improving core feature engagement and task completion rates.

Freelance UI/UX Designer — Independent Client Projects
UK & Global | 2022 – Present

- **LazyZoneLabs (AI Creator Suite):** Designed the complete browser workspace UI unifying script writing, audio waveforms, and video timelines into a single adaptive screen; **lifted video completion rate to 88%** and **cut production time by 42%**.
- **Nikos Farm (E-Commerce Platform):** Redesigned direct-to-consumer mobile shopping with an interactive slide-out cart drawer and harvest origin badges, delivering a **+34% increase in mobile orders** and a **-44% reduction in cart abandonment**.
- **Cook by Ugo (Hospitality Ordering UI):** Designed direct takeout ordering platform with custom spice toggles and a 90-second checkout flow, **driving a +45% increase in direct orders** and saving 30% in third-party marketplace commissions.

User Experience Designer — Cloudnet IQ Labs
Remote | Nov 2020 – Mar 2022

- Developed user personas, empathy maps, sitemaps, and low-to-high fidelity interactive prototypes for digital client products.
- Conducted usability audits and user interviews, identifying friction points in navigation to guide iterative product refinements.
- Collaborated closely with front-end development teams during QA to ensure accurate and faithful implementation of design specifications.

EDUCATION

MSc Cyber Security — Aston University, Birmingham, UK (Specialism: Security-by-Design, Privacy UX, GDPR) — Sep 2025 – Oct 2026

BSc Computer Science (Second Class Upper) — Adeleke University — Sep 2019 – Jun 2023

CERTIFICATIONS

- **Google UX Design:** Conduct UX Research & Test Early Concepts (2024)
- **Google UX Design:** Empathize, Define, and Ideate (2024)
- **Udemy:** Agile & Front-End DevOps Engineering (2026)
- **Google UX Design:** Build Wireframes & Low-Fidelity Prototypes (2024)
- **Google:** Foundations of Cybersecurity (2024)
